This was the Gary Wolfe amendment, right? I liked that he added this.

Yes - I think we should figure out what "facts" we think are relevant/important for the Board to acknowledge as they consider WQS changes. Bruce - start thinking.

Query: Do you have any interest in weighing in on this, whenever it happens?

(Excerpt from the addendum to the Strategic Plan, as amended at the last Board meeting:

"Activities, Products, and Timeline:

Initial Development

- August/September 2008: State Water Board staff will solicit written input from the public as to the critical factual issues concerning the Delta's ecology and the impacts of water pollution and diversions on the Delta's ecology.
- October 2008: The State Water Board will hold a scoping meeting on the periodic review of the Bay-Delta Plan."
